The directorate charged that some sections of the Catholic Action Society had been "openly and surreptitionsly hostile" to fascism.

With this blunt statement of policy the Duce and his group of leaders began to formulate plans to take into fascism's fold the young Catholics from the dissolved groups. Various provisions were made to strengthen the fascist groups of men, women and youths with the idea of making them into a stronger body able to incorporate thousands of new recruits.

In a speech to the college of chaplains of immigrants, reported today in the newspaper Osservatore Romano, Pope Pius XI was quoted as having said last night that the dissolution of the Catholic youth clubs vio lated the right of the church to form and guide young people and that it she first time, however, says he acknowledged his activity when his attention was called to reports from the support for the nomination and support to support the Dissolved groups. The government tonight refused all information on the number of arrests.

The fascist directorate also decided that a mass meeting of fascists will be held next month and a big "first decennial exposition of the fascist will be held in Rome, opening on October 27, the anniversary of the eve of the fascist "march on Rome." It will continue until March 23 of next year, the anniversary of the founding of fascism.

MARIETTA, Ga., June 3 .- Doyle T. Butler, prominent Marietta auto salesman, is dead and George Goumas, Cobb county's only wearer of the D. S. C. for bravery in the World War. is held in Fulton county jail as the result of a shooting affray that occurred on one of Marietta's principal business thoroughfares shortly before 7 o'clock tonight.

Butler was shot by Goumas when the latter went to the Forrester Automobile Garage late this afternoon because of trouble over a rented automobile. He first asked for Lindsay Forrester, the proprietor, and when informed that Forrester had left for supper, he asked for Butler. When the latter appeared Goumas, without

warning, began firing. After the first shot Butler ran from the garage and attempted to reach the opposite side of the street. He was shot a second time while running and a bystander prevented Goumas from firing a third shot into the prostrate body of his victim.

Butler was taken to the Marietta hospital, where he died at 11 o'clock tonight, after a blood transfusion had failed to overcome the heavy loss of blood caused by his wounds. He was shot in the lung and kidneys, one buller passing directly through his body.

Promptly Arrested. Goumas was arrested by Deputy home Butler fell. He made no resis home Butler fell. He made no resistance. Intense excitement prevailed after the shooting became known and, although no large crowds gathered at the local jail, it was thought best to take Goumas to Atlanta for safety. He was rushed to Atlanta by Deputy Sheriff Hood and Kermit Sanders, son of Sheriff Sanders, leaving Marietta ten minutes after the arrest.

When told that Butler was dead, late Wednesday night, Goumas asked the hour of the death and appeared greatly agitated, but continued his earlier refusal to make any statement. According to police officers, Goumas rented a car from the Forrester garage last Sunday and when it was not returned police were notified. Forrester, not knowing the car had in the meantime been returned, on Wednesday sent word to Goumas that he wanted to see him. This trouble followed a previous dispute over a rented automobile several weeks ago. Goumas, it was said, made two attempts to see Forrester today and it was on his third visit to the garage that he shot Butler.

# 91-Year-Old Minister Asserts That 'World Is Growing Worse'

BY MILES H. WOLFF.

MONTREAT, N. C., June 3.—(A)
The Rev. G. W. Painter, 91-year-old
Presbyterian minister, reluctantly admitted here today that the world is growing worse.

To prove his point he cited the general assembly of the Presbyterian Church in the United States, which has been in session here the last week.

"The general assembly discussed birth-control." Mr. Painter said, "a subject which a few years ago would not have been mentioned in polite society."

The aged minister was of the optonion some of the discussion bordered on "vulgarity." He admitted it is "difficult for one of a former generation to judge accurately the actions of ar removed." but added he could not "help but believe that things are worse than formerly."

He talked of the "insubordination" of young people today, which he thinks, is increasing.

### **Pinchot Holding Interest ICARSWELL SEES PEACE** Of Republican Leaders

on Reapportionment Bill After 195 Hours in Coma May Settle Question of His Candidacy.

BY MARK SULLIVAN. washington, June 3.—Whether Governor Gifford Pinchot will or will not contest against President Hoover for the republican presidential nomination constitutes all there is of republican prenomination politics. The facts about Governor Pinchot's running are wholly inside his own mind. He has not stated to any person that he will run. This by no means indicates that he will not run. It is evident the governor is deliberately refraining from committing himself.

The belief that he will 'run is very general in circles close to the governor and to Pennsylvania politics. The conviction is shared at once by many of Pinchot's friends and by nearly all his political enemies. Both groups agree in giving a program of expected steps by him.

The program begins with his comping action on a reapportionment of the purpose of furthering his control of the state mere-live for the purpose of furthering his WASHINGTON, June 3 .- Wheth-

legislature in February next and at that session will make a spectacular fight for measures furthering his crusade against public utilities. Here once more, two versions of purpose appear. To have the Pennsylvania legislature in session and battling over public utility legislation on the very eve of the primary elections for delegates to the republican national convention would obviously focus attention on Governor Pinchot as the symbol of the anti-power fight. It would help Pinchot get delegates for himself if he wants them. It is equally true that having the Pennsylvania legislature in session at that time would promote and be consistent with a mere purpose of passing a strong anti-utility law.

ver for the republican nomination.

If Pinchot does not run there will be no opposition to Mr. Hoover except that possibly a few scattered delegates here and there may be for unimportant candidates. If Pinchot does run it might be possible for him as things stand today, to have at the extreme outside perhaps as many as 100 out of the roughly 1,100 delegates. The senior La Follette, in five attempts for the republican nomination, in much the same role as Pinchot's present one, never got more than 41 delegates, of whom roughly 24 were from his own Wisconsin.

# OPEN HOUSE TONIGHT AT NEW A&P STORE

A&P's new store at 23 Broad street, S. W., replacing the one that was destroyed by fire several months ago, will be opened for public inspection tonight from 7 to 10 o'clock, and will resume business on Friday.

The new store is the largest and most complete of any operated by the company in the southeast. It is more than double the size of the former store at this location and affords an ample amount of room.

With high ceilings, an abundance of light and good ventilation the store includes 4.000 square feet of floor space. It is finished entirely in white, with the except of black trimmings, and is equipped with the latest in grocery and meat market fixtures. Electric refrigeration is provided throughout.

Electric refrigeration is provided throughout.

S. B. Hudson will be a charge of a grocery department and G. W. Burnett will be in charge of the meat department, both of these men having been at the former store. They are credited to a large extent with building un the business to the large volume it had reached at the time of the fire.

Assisting them will be a force of 55 clerks to provide as prompt service as possible. Another feature which officials of the company have provided to give prompt service is the establishment of departments. A separate department will be maintained each for the groceries, fish, meat and produce.

Officials of the company announce that the fruit and vegetable departments will have in stock everything the markets of the country afford, either in or out of season.

### East Point Dedicates Auditorium Tonight

Auditorium Tonight

With an appropriate program of music and public addresses, the East Point Memorial auditorium will be dedicated at 8 o'clock tonight. Located in the East Point "civic block," the auditorium will be formally opened with special music by the Russell High school band, and with Colonel Ed L. Humphreys acting as master of ceremonies. Dr. Gordon G. Singleton, commander of Atlanta post, American Legion, will deliver the principal address.

During the exercises Dr. J. A. Yeast, chairman of the East Point bond commission, will deliver the keys to the city to Mayor J. A. Ragsdale and Harold Sheats, city attorney for the borough. The new auditorium has an orchestra pit, a stage and is up-to-date in every way. It is intended to serve as a community center for East Point.

Formal opening of the Oglethorpe highway, known more particularly as State Route 38, and dedication of the Doctortown bridge across the Altamaha river, took place here and at the bridge today in the presence of a large crowd of south Georgians.

Motorcades from Savannah, Wayreross, Brunswick and neighboring places congregated along the highway, proceeded to Jesup, thence to the bridge, and held the dedication exercises of the highway at the high school here, so many road enthusiants being present that the crowd mounted to large proportions on the outside. Addresses were carried to them from the interior of the building through Joud speakers.

The Doctortown bridge was remanded the bridge and thorough the country. The high point of the Oglethorpe Highway at the high strong high point of the country.

The high point of the celebration today was the promise of state highway officials of the early paving of the route. This highway extends from Savannah through the countes of Chatham, Liberty, Long, Pierce, Wayne and Ware, and continues on to Alaga, Ala., across the Chattanhocchee river. Along its route are such cities and towns as Savannah. Thomas ville and Bainbridge.

Addresses were made by Edgar J. Wortsman, president of the Savannah Thomasville and Bainbridge.

Addresses were made by Edgar J. Wortsman, president of the Savannah mand Wayeross by 40 miles. Miss Caroline Oliver, daughter of Frank M. Oliver, christened the bridge, the route was decorated with flags, and the bridge the longest in the state, and from Ludowici to the state, and from Lu

# CONDITIONING UNIT for Home Heating and Cooling

You can now enjoy the same delightful year round comfort in your home as provided in the finest and largest theatres. Moncrief Home Air Conditioning Unit not only heats your home in winter, but cools it in summer as well. And in summer or winter, it provides the four factors so essential to health and comfort-humidity, temperature, air purity and air

This new system, introduced by Moncrief, is but a small replica of the units Moncrief has been installing in the large churches and theatres for years, giving a real climate making unit at a price within the reach of the average home owner. It eliminates soiled walls, curtains and draperies-and protects fine furniture

from warping or cracking. Investigate this unit today. One of our engineers will gladly give you a demonstration and complete information. Phone HE. 1281.

HOLLYWOOD, Cal., June 3.—
Whether divorce, marriage or the domesticity of family life takes precedence in Hollywood may some day be ascertained by someone with infinite patience and a firm finger on the village pulse. At present telling, divorces would seem to win, with Nancy Carroll and Edna Murphy the most recent exponents of single blessedness—for the time being.

But over the same luncheon tables which rang with the details of these ladies' infelicities came the happy news of Diana Kape Fitzmaurice's newly arrived twins—Michael and Patricia—and the joyous announcement by June Walker that she has come the recent carroll begend.

June Walker-Mrs. Geoffrey Kerr-was the Lorelei of "Gentlemen Prefer Blondes" in the stage version. She has made successful movies—and been an outstanding and charming figure on the New York stage. She is very young. Adorable in an ingenue way that is irresistible. She is very weary of public life and public acclaim, and she thinks this village, which together with Reno, is, at present, being at-tacked on all sides as a center of vice, the ideal place for settling down with a few little ones to just enjoy

Her pictures have gone amazingly ell. She has passed from an interwell. She has passed from an inter-esting possibility to a big asset. The flurries with Jack Kirkland, which were the talk of this village when she lived here, blew over as did her studio encounters. And when Nancy Carroll emerged from a mix-up there seemed to be a dewier freshness about her than ever before.

But most of those romances, which have their alternate settings in the domestic prize-ring and at domestic peace conferences, play themselves out with sufficient time. And nobody in Hollywood village is at all surprised that Mexico is the scene of the last encounter. Three months from now Nancy, the titian beauty of movies, will be free once more.

The tempestuous little Nancy Carroll was the albatross of Paramount lot when she lived in Hollywood. Talented, box-office to a degree, pretty

# nation-wide cigar business by Long Distance Telephone

Executives who feel the need for being in many places at once often want to know the answers to such questions as "how can I keep in close personal touch with all branches of my business?"; "how keep better posted"; "how use my personality more effectively in the business?"

Eli Witt, president of the Hav-a-Tampa Cigar Company, has apparently found the answers. He says: "The telephone system is vital to me. It enables me to do things otherwise impossible. To me, it's an Aladdin's lamp and Magic Carpet all in one.

"Our sales amount to more than eighteen million dollars a year. We have eighteen distributing branches, numerous jobbers, 180 salesmen and 200° companyowned retail outlets, many thousands of non-owned retail outlets, besides the manufacturing branches with their problems.

"It is by means of your telephone system that I maintain daily intimate personal contact with this large organization. For example, while here in your city, I will be at headquarters in Tampa in person by long distance telephone. I'll be in the factory the same way, just as yesterday I was with my branch managers, and last night discussing in person reports with salesmen in several states, and this morning talking to Havana, Cuba, about important developments.

"Regardless of where I may be, in this way I am constantly on the firing line, with my hand on the pulse of the business, giving encouragement and advice when needed, and directing the whole business with confidence founded on accurate up-to-the-minute knowledge of the operation of every department of the business.

When you set out to buy tires, what do you expect to get for your money?

What nearly everyone really wants is most miles and the utmost in safety at the lowest possible price.

That being your objective, which tire should you buy?

If the experience of 20,000,000 motorists means anything, you should certainly buy Goodyears.

But if you try to puzzle through the welter of statistics on thicknesses, weights and diameters you lose the main issue and are as much at sea as ever.

A difference of two or three one-thousandths of an inch in the width of a tire carcass is no guarantee against blowouts.

It's what the carcass is made of and how it's made that counts.

Longer wear is not a matter of logarithms.

It is the honest product of materials and craftsmanship.

The one and only reliable guide for you to follow is the seasoned preference of the public.

And that preference is overwhelmingly for Goodyear.

This fact expressed year after year by Goodyear's great leadership is concretely told again in the findings of an impartial investigation by the Bureau of Business Research of a great University that asked 205,000 car owners this simple question:

QUESTION: "Regardless of price, convenience, etc., what make of tire do you consider the BEST tire made?"

"WHAT TIRE IS BEST?" . Based on a National Tire Survey in 1930 by a large University . . . **GOODYEAR** 30.7% 6.0 F 3.7 11 3.7 G owners of America prefer Goodyear . Tires. This preference is more than 2.7 twice that of any other make of tire. . This tire survey was based on a cientifically mailed questionnaire to car owners in every state in the country and proportioned in turn ALL OTHERS 10.4 NO CHOICE

There's the only buying guide that means anything to you car owners.

With Goodyear quality priced so low, why not avail yourself of the long mileage, safety and the good looks that have made Goodyear reputation?

### HOW TO MAKE EVERY DOLLAR GO FARTHER!

It doesn't cost you a cent more to buy a Goodyear Tire—and when you buy a Goodyear you get the most popular tire in the world. You get also the extra value produced by the world's largest tire production. No use trying to match that elsewhere. It simply can't be done.

Free Wheeling in its finest form ... only one shift lever ... and engineered as an integral part of the chassis

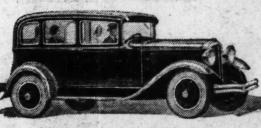

CTUDEBAKER today and Standard tomorrow is not a mere advertising phrase, but a familiar phase of Studebaker experience ... and Free Wheeling is a notable example.

Studebaker introduced Free Wheeling ... Pierce-Arrow adopted it, Lincoln adopted it, less expensive cars adopted it, and others are preparing to adopt it!

And why shouldn't they? What car can conscientiously continue to deprive its public of principles of propulsion that enabled Free Wheeling Studebakers to defeat 38 cars of 19 makes and all prices in the American Automobile Association national championship for economy of gasoline and oil?

Free Wheeling literally turns upkeep upside down . . . saves 15% to 20% in fuel and lubricants ... "rests" your engine one mile in every five and thereby saves repairs. Driving that is restful beyond belief results from minimum clutch-pushing and from the fact that you relax every time the engine relaxes.

AUGUSTA, Ga., June 3.—Of cordial interest and of social importance throughout the state is the announcement, made recently, of the engagement of Miss Mary Amelia Andrews, to Patrick Hugh Rice, Jr., of New York, the marriage removing from Augusta one of its most attractive girls. Miss Andrews is the elder daughter of Mr. and Mrs. G. Worth Andrews and is a girl of most pronounced charm. Her unaffected manner, her sparkling vivacity and her most lovable nature have won for her the admiration and love of all who know her irrespective of age, and it is a matter of very general regret to these friends that after her marriage she can no longer be claimed as an Augustan. Miss Andrews is a Mount St. Joseph girl, a Junior College girl and a St. Genevieve-of-the-Pines girl, and is exceptionally talented.

Mr. Rice is the son of Captain and Mrs. P. H. Rice. After attending Augusta schools he passed his junior year at Holy Cross. Worcester, Mass., and received his A. B. degree from Spring Hill College, Mobile, Ala. He has for the past two years been with the G. E. Barrett Company, one of

### FRIENDLY COUNSEL BY CAROLINE CHATFIELD

Problems of general interest submitted by readers will be discussed in this column. Correspondence invited. Your name held in confidence. Write Miss Chatfield, care The Atlanta Constitution.

DEAR MISS CHATFIELD:

I have been married six months and half of the time I have been wretched. My husband is in a constant state of irritation with me. He has a bad temper and loses it whenever he feels like it.

I have a temper, too, but I am forced to control it and let him have his way. He says I am responsible for the way he treats met. The only fault I can find with myself is that I show my love for him more than he shows his for me. How should I treat him?

BRIDE.

ANSWER:

Control your temper and your expression of affection. Find your interests outside your life with him but remember that his bad temper and his irritability do not absolve you from the vows you took when you married him. I know a woman who is happy although she is married to a "cross patch." She is a dutiful wife and devoted mother, She finds her diversion and her amusements with outside friends.

CAROLINE CHATFIELD.

DEAR MISS CHATFIELD:

I am interested in a young woman who tells me that she loves me.
I have never confessed my love for her, although I feel it. I have other girls whom I take out and when "she" hears about it she gets mad. I am not in position to get married and she wants to get married. I love bridge and she resents that. She often says I think more of bridge than I do of her. Now the quection is, what shall I do to keep her love? Sometimes I think I should stop corresponding with her. I am halted between two containers. DEAR MISS CHATFIELD:

ANSWER:
In all fairness to the young woman, you should either tell her the true state of affairs or quit. She is in an equivocal position, though you might reply that she put herself there. She did. It reminds me of the old rhyme:

Ding, dong, dell
Pussy's in the well,
Who put here in?
Little Tommy Green,
Who pulled her out?
Little Tommy Stout.

You should play little Tommy Stout to this young lady. You are already showing signs of being irked by her proprietary methods with you and if she uses them before she actually possesses you, what will she do once you declare yourself?

Over and above all this, you don't care much for the girl when you are willing to accept her declaration of love and not make one in return. It isn't gallant to say the least. It would not be more so to declare what you don't feel. But it is certainly unfair to her to accept what she offers, plan to secure it, and make no plans to return it.

# **3**BYTERIANS RETAIN JUNTRY CHURCH BODY

Recommendation for Abolition of Department Defeated at Montreat.

MONTREAT, N. C., June 3 .- (AP)-After a seven-day session, the general assembly of the Presbyterian church. in the United States adjourned this

to consideration of a recommendation by a select committee that the country church department be abolished. and just before noon the assembly voted to retain the department, which was organized in 1925 to promote church work in rural areas.

Opposing the committee recommendation, the Rev. C. G. Partridge, of Gadsden, Ala., said five years ago, "there seemed to be a real need" for an effort to "save the country church from dying," and asserted that the situation "in much more critical year." other speakers described the department as "desperately needed" while those who favored abolishing it said its work overlapped that of the Presbyteries and of other departments.

The director of the department the The director of the department, the Rev. Henry McLauchlin, of Richmond, Va., was re-elected for a three-year

term, after an effort to reduce his term to one year failed.

The two outstanding actions of the assembly were withdrawal from mem-bership in the Federal Council of Churches of Christ in America and a

decision to halt all movements look-ing to organic union with other Pres-byterian and reformed Presbyterian bodies in the United States. Appointments to executive commit-tees for foreign missions and Christian

education and ministerial relief were announced today as follows: The Rev. William Crowe, St. Louis; J. P. McCallie, Chaitanooga; the Rev. W. L. Caldwell, Nashville, and Mrs. M. C. Buckner, Nashville, were named for three-year terms on the foreign missions com-mittee. mittee.

# Farrell, Cotton and Twine Share Lead in British Open Tourney; Crackers Divide Double-Header With Barons, 1-2 and 13-6

So Louis Tanner, of Hopkinsville, Ky. (back home) held i sweepstakes ticket on the British Derby good for \$136,000 ! ! Little Louis . . . a sawed-off bit of a Joosh boy who was a couple of grades back of me in the old Clay Street school. He always had a sort of sad expression in his eyes, then . . . as if he heard the echo of the blood-thirsty cries of the shepherds of Languedoc across 600 years. He came on to take over his father's little store with overalls hanging outside the door and brogan shoes displayed hung on a long pole like dead partridges. He still runs it. A few weeks ago I was walking through the little town park with my father and met Louis. He was walking with his wife and two olive-skinned, sparkling-eyed children. Business was "so-so," he said then. Is business "so-so" now for Louis?

### WAIT! THE SEASON IS YOUNG.

Birmingham writers wax almost tearful over the glory of their pitching staff. In husky undertones they write of "minor league baseball's greatest pitching staff" and stand with bared heads to await the daily box scores.

Birmingham may have the greatest pitching staff in minor league baseball, but greatness is not determined by the averages through any June 3. Greatness in any department of baseball is attained along toward the close of business in September.

Grandpa Ray Caldwell, Jim Edwards, Jim Walkup, Clay Touchstone and Kellar Hasty have won 30 games this year. But the season is young.

### PAEN OF PRAISE.

Brother Zipp Newman goes on about Jimmy Walkup's victory in Chattanooga the other day:

It was Walkup's seventh victory of the year, placing him in the .778 class. In 89 innings the little man from Texas with the big, slow curves, has allowed 32 runs on 87 hits—some pitching. On three less hits in 77 innings, Ray Caldwell has allowed 29 runs while winning six and losing two. In the two games Caldwell lost, the Barons made him two runs in 16 innings while the op-

position was making a half dozen.

The Baronial pitching staff has not only been a phenomenal surprise but a pain in the neck to seven clubs in the Southern league. Yet Clyde Milan told the boys a month in advance of the opening of the season that he would have the class of the hurlers. Handling pitchers is Milan's ace up the sleeve. He has sent more pitchers over the route to date than any other manager in base-ball this year. Bert Niehoff's Lookouts beat Grandpa Caldwell Sunday and

swamped Touchstone and Campbell Tuesday to take the threegame set. Even great pitchers have their off days. And September is far, far away.

## DANGEROUS SOOTHSAYING.

Who should know how dangerous it is to make long-range predictions better than southern sports writers?

All of us figured the Crackers would be off on top and would win in a canter. Instead the Crackers played wretchedly in May and fell down.

None of us has taken in his sign yet for, as said, it is a long way to September. But it all goes to show that master minding on baseball teams is no picnic.

## THE INSIDE ON MacDONALD.

Bernard Darwin, the British golf critic, does not think Mac-Donald Smith "shot himself out" in the qualifying rounds when he fired 70-71 at the field.

'Smith had all the prayers and cheers of the Carnoustie crowd with him," he says of the qualifying rounds. "And one thing is sure: If he wins it will not be the United States; but this little Scottish town of Carnoustie that will have won.

"It is easy to say he has shot his head off in these rounds in

"It is easy to say he has shot his head off in these rounds in which safety is all that matters. This may be true, but I saw nothing to justify it. Mac Smith did not look like a man trying to beat records. He was just getting comfortably through a day's work with care, but with no superfluous exertion. He never went out for a long putt. He rolled his ball up two feet short and tapped the next one in. He never took a risk or played to the gallery, but struck the ball so perfectly and accurately that he

simply could not help getting perfect figures."

If true, the sandy-haired American may put on a stout fin-

ish and bring that cup back.

Mr. Darwin also was impressed with Tommy Armour's great play and predicts he will show great rounds in the three remaining circuits of the old course.

CARNOUSTIE, Scotland, June 3.
(P)—Johnny Farrell, who has one of the smoothest, most rhythmic swings of any golfer in the game, today used it with fine effectiveness to score a par 72 over the windy Carnoustie course in the opening round of play of the British open golf championship.
The Lrishman of Quaker Ridge led

The Irishman of Quaker Ridge led the field with his 72 until Harry Cotton, 24-year-old British professional, came in to the him and then W. T. (Billie) Twine, the tall young profrom Bromley, Kent, sauntered in with the late starters to make the lead three-cornered.

lead three-cornered Farrell carried in his pocket the rabbit's foot that accompanied Jess Sweetser to victory in the British amateur championship at Muirfield in 1926, where Big Jess played around in figures considerably below the influenza fever he was running.

HIGH WIND. Playing in half a gale, that had many of those who know Scotland better than Johnny floundering around, he moved steadily along, ran into trouble but didn't let it bother him and finished off by ramming home a 30-foot putt on the 18th green.

Well up with Farrell in the fight to keep in the United States the cup Bobby Jones won last year, and which has been held by invaders from the other side of the water nine of the last 10 years, were seven of the eight Americans in the tourney.

Tommy Armour, a former United States open champion although a Scot by birth, held fourth place behind the three leaders with a 73 and Sarazen shared fifth place with several others, a stroke behind Armour. Armour's 35 on the homeward nine, where most hopes went glimmering, was the best mark of the day.

# MACK'S SCORE.

MacDonald Smith, the native Carnoustie and medalist, took a 75, the same score as Joe Kirkwood, the Australian trick shot artist who now lives in New York. Willie Hunter had a 76, Horton Smith and Joe Turnesa 77s. Tony Manero brought up the rear of the American contingent with an S2, his usually accurate, low trajectory shots going all directions trajectory shots going all directions in the heavy wind.

The wind played havoc with many of the field, a third of the 109 cards today being over 80. Charles Whitcombe, the British Ryder cup captain, posted an 80 while Archie Compston took a 77.

Most of the British hopes tonight were placed on young Harry Cotton, who broke with the Ryder cup selec-tion committee because he had an idea he might win the United States

# 'Dizzy' Dean To Wed At Night Ball Game

HOUSTON, Texas, June 3.—(AP)—Jerome "Dizzy" Dean, 21-year-old pitching star of the Houston Buffs of the Texas league, has announced plans to be married at Buffalo stadium here next Monday

Ratification depends upon Miss Patricia Nash, of Houston, viva-cious brunette and an ardent baseball fan. Dean filed notice yester-day of their intention to wed. Miss Nash's age was given as 24. The Buffs will entertain the Beaumont Exporters in a double-header Monday night. Women will be admitted free. With the extra attraction of Dean getting married at the home plate, club officers said they expected the double-header would draw more than 15,000 fans. Dean probably will pitch the second game of the bill.

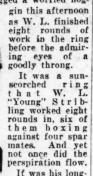

The pitcher consented to marry in the ball park at the request of friends. Whether Miss Nash will agree has not been determined.

W. L. will welcome the night workouts, which begin one week from today, if the sun keeps broiling things as it did today. The inhabitants of the training camp have been using three and four blankets at night in the funny month of June in the state made famous by the Two Black Crows. But O. H. 10 has turned on the heat.

Disappointing as was the working of Stribling today, it was as nothing compared with the news from Max Schmeling's camp.

The German champion was unable to work Tuesday because he was too sore after a game of duck pins. This caused a great laugh among the newspapermen at the Stribling camp.

W. L. will watch his diet carefully Thursday and Friday. He plays in a Shrine golf tournament Thursday and on Friday goes to Toledo to play at the Inverness Club.

William Harridge, newly-elected president of the American league, believes it takes a good umpire to find out what's wrong with other umpires so he has appointed the veteran Tom Connolly for the job.

# CARLYLE CLOUTS TWO HOME RUNS: KIEFER VICTOR

### Messenger Beaten in Mound Duel by Hasty in First,

BIRMINGHAM, Ala. June 3.— Bob Hasty achieved a three-year de-ire Wednesday afternoon when he beat the Crackers, 2 to 1, in the first game of a double-header, and the Crackers realized their wish in the nightcap. They knocked out Big Jim Edwards and hung a defeat around Clay Touchstone's neck, 13-6. It was the Crackers' first defeat of Touch-stone.

The Crackers, that is Andy Messenger, lost a tough one in the ninth when Mule Shirley, fielding Susko's double play ball with three on and one out, stepped on first, forcing Susko and then tried for Abernathy at the plate. Shirley had to make up his mind in a hurry and he decided on the wrong play. Had he shot the ball to the plate before stopping on first the chances are nine to ping on first the chances are nine to one Autry would have returned the ball to him in time for a double play. As it was Autry had to tag for Aber-nathy and missed him by one-thou-sandth of an inch.

Charley Gooch staked Bob Hasty to a one-run lead in the second when he drove a ball 470 feet into left center. The Crackers got one man as far as third through the eighth. With two out in the ninth Roy Car-lyle hit a ball in precisely the same place Gooch socked his and complet-ed the circuit.

ed the circuit.

Messenger went into the ninth, having held the Barons to three scattered hits. Moore singled to start the ninth and Abernathy forced him at second, trying to bunt. Weis sent Abernathy to third on a long single to right and the board of strategy started to pitch to Gooch.

Dobbs sent word from the boxes to put Gooch on. And on Messenger put him. Susko went in to hit for Prerost and with the count three and two, shot a fast grounder to Shirley.

They scored in every inning. Sheeban. Taitt, Carlyle, Autry and Ryan raining extra base blows all over the lot. Poco Taitt hammered out a home run, a triple and a double. Carlyle got his eleventh homer in the third, and Johnny Ryan punched out two triples.

The American hopes were held high during the first mile of the one and one-half mile journey, as Jacopo, with J. Childs up, hung on the leaders' heels. In the end, however, he lacked the power to maintain the gruelling PARIS, June 3.—(A)—Japan advanced to the semi-finals of the European zone of Davis cup tennis play today, defeating Egypt at doubles to make it three matches to none. Japan won both singles matches yesterday.

Cameronian proved himself truly a great horse as he stayed close to the leaders throughout the early part of the journey and then finished the distance in the good time of 2:363-5.

Few derbies in recent years have been so favored by the weather. Sunshine greeted the countless thousands who streamed onto the race course from all points of the compass in many types of vehicles.

Then, as he recovered his poise, he said: "I beg your pardon, ladles and gentlemen, but this really is a wonderful race."

# PAXOS, LEAVITT **ARE VICTORIOUS** IN MAT BOUTS

Dick Daviscourt Fails To Arrive for Match; Lanford Subs.

By Walter Wilkes.

Any plans Dick Daviscourt might have entertained to carve Stone Mountain Leavitt into a suitable memorial were thwarted last night. Daviscourt did not arrive. So the wrestling spectacle at Spiller field went into a par-

Meanwhile, it developed that Daviscourt had missed his train from Baltimore, and then attempted to make the trip by air, but his plane was forced down en route. Promoter Weber was desperate, for the bout between Daviscourt and Leavitt was to have been the main event, and the prospect had drawn thousands to the field. Finally it was announced that Paxos and Poggi would pursue their furious vendetta to a decision, best two out of three falls, and that Doc Lanford, the popular referee and sometime wrestler, would battle for Daviscourt against the Man Mountain.

Money back was offered dissatisfied Money back was offered dissatisfied patrons and several hundred of the frugal marched for the exits, clutching their coupons. Others borrowed seat stubs from their neighbors to trade in for cash, and Promoter Weber suffered considerable financial loss through Daviscourt's failure to appear.

In the continuation of the Paxos-In the continuation of the Paxos-Poggi match, the Italian continued his whirlwind aggressiveness to take the second fall with a series of flying tackles and a body block in 12 minutes, 12 seconds, but lost the deciding fall after some 10 minutes of wrestling, when, rendered groggy by a series of headlocks, he dived through the ropes and knocked himself out against ringside benches.

In the specially arranged one-hour

In the specially arranged one-hour match, Soldier Leavitt toyed for five minutes with the earnest and per-spiring Lanford, and then disposed of

For his own protection, Matchmaker Weber should insist on his wrestlers arriving at least 12 hours before each match. In these days of working one night stands in widely separated cities and traveling by plane, a mat show is at the mercy of the ocmat show is at the mercy of the ocmat show is at the mercy of the oc-casionally uncertain plane service. Members of the boxing commission indicated last night that they were considering legislation that would force grapplers to show up at least 12 hours before each show. Rear-ranged programs are embarrassing to them also.

However, taken by and large, it was a good program; the Paxos-Poggi match proving one of the most spectacular seen here in many weeks.

NEW YORK, June 3.—(P)—Stocks leapt out of the depths of despair today, celebrating their release with the strongest rally in nearly a year.

The average gain of 7.3 points had not been equaled since June 19, 1930, when the Standard Statistics-Associated Press composite advanced 7.4 points in one of those automatic rebounds that follows a period of intense depression. Sales totaled 3,300,000 shares.

BY JOHN L. COOLEY.

It was apparent in the last two or three sessions that the market was approaching an oversold position, for the decline had been in progress with little respite since the February peak was reached. In such a situation a piece of favorable news inevitably brings a sharp reversal of trend, and there were at least two such developments today. One was the withdrawal of government opposition to the al of government opposition to the Standard Oil of New York-Vacuum

union. The second was a reduction in margin demands by leading banks. Wall Street interpreted the oil news to mean that Washington did not into mean that Washington did not in-tend to oppose at least within reason-able limits economic business mergers. The petroleum industry in particular is in a position to profit by any com-binations which would eliminate use-less duplication of facilities and per mit a speedier solution of its serious troubles.

Electric Power production still runs considerably less than a year ago.

The drop in domestic copper to 8 cents and weakness of wheat markets on the withdrawal of support from government agencies were other features of the rather eventful day. June wheat tumbled 5 cents a bushel at Chicago and July was off more than 2, but other months showed nominal but other mouths showed nominal losses. CHICAGO COTTON BANGE.

NEW YORK, June 3 .- (AP)-Cotton NEW YORK, June 3.—(2)—Cotton became very active and strong during the last hour on an active covering movement today and prices rebounded about \$1.50 per bale from the low of the morning.

October advanced from 8.62 to 8.95 and closed at 8.91, a net gain of 26 points. The general market closed firm with net advances of 25 to 27 points.

The opening was steady, unchanged The opening was steady, unchanged to 5 points lower. Prices early in the day showed a fair amount of stability based on steadiness in the Liverpool market and some evidences of improvement in the spot demand, part of which came from abroad. An ideal weather map and a fairly satisfactory weekly weather and crop bulletin combined with unfavorable reports from the textile industry served to check buying however, and prices reacted, at one time selling back to the previous low levels for the season for the near months and at new low levels for the

United States government-sponsored buying of wheat came to an end for at least the present, with fulfillment of federal farm board promises made some months ago that such buying would continue until the new 1931 domestic crop began to move to market. evidence that government-sponsored agencies had definitely stopped buy-ing wheat everywhere. June delivery one time selling back to the previous low levels for the season for the near months and at new low levels for the distant positions.

The action of the stock market during the day with successive rallies and declines left traders in an uncertain frame of mind, but when the stocks developed a strong upper trend during the afternoon, the volume of buying increased and became very active toward the close. The December price declined to 8.85 at one time and rallied to 9.17, closing at 9.13.

NEW YORK, June 3.—Raw sugar was quieter today and prices were unchanged at 3.23 for spots duty paid, with no local sales reported. A small lot of Philippinea nearby was available at this figure, but most holders asked 3.25 or more. It was reported that a British refiner purchased 31.500 bags of Cuban sugar in store at Norfolk at 68 2½d. c. 1. f. U. K., which is slightly above prices obtainable here, and below the price asked by holders in Cuba. Early losses of 2 to 3 points in raw futures as a result of liquidation and European seiling, were recovered in the later trading, with the market closing net unchanged to 1 point higher. The market opened 2 to 3 points lower under July liquidation and European seiling, were recovered in the inactivity in the spot market. The early offerings were soon absorbed however, and prices firmed up later on covering and trade and commission house buying with final prices at the best of the session. Trading was less active, and operators, an a rule were inclined to limit aggressive operations, and await new developments. Approximate sales 18.100 tons. Brokers' Views

NEW YORK, June 3.—Moving under increased volume as prices advanced today's market engaged in a vigorous demonstration against further irrational selling. Early rallying tendencies, which succeeded irregularity created by pressure on special situations disclosed further evidence of the more aggressive absorption noted in yesterday's session.

DOBBS & CO.

NEW YORK, June 3.—As distinct from mere reassuring statements from political and business leaders, the business world and the stock market received during the last few days some practical aid designed to restore public confidence. The effect on Wall Street was almost instantaneous and accounted for today's strong demonstration in the security markets. The rally which started in the afternoon session gained auch momentum that a continuation through the week looms as a strong probability.

Reo4 or 6 cylinder engines are sturdy, with more and larger bearings than others.

Reo piston displacements are maximum -insuring highest power development. The protecting lubrication is force-fed even to the piston pins.

The SPEED WAGON frame is longer, stronger, heavy channeled, 7" deep. The axles are heavier - the rear axle full floating. Reo brakes are internal expanding oversize hydraulics!

This overwhelming truck value cannot be matched. Ride and drive the new SPEED WAGONS today. Test them as you will. They are unequalled for combined speed, power, strength, economy, safety and long life.

SILVER.—Bar silver sagged 1-8c in New York to 263-8c an ounce. In London there was a decline of 1-16 of a penny to 12 5-16 pence.

STEEL.—The weekly trade reviews reported that production of steel ingot during the week continued the gradual decline of recent weeks. Iron Age placed current output at 42 per cent, against 44 per cent a week ago, and said the impressive feature of the current situation was the fact that the recession is gradual. Steel estimated operations at 40 per cent of capacity, within a few points of what some steel executives forecast will be the low for the summer."

ZINC.—Prime western zinc again has declined to a new low since the 90s. It has sold at 3.20 cents a pound, East St. Louis, compared with a previous low of 3.25 cents.

Mr. Donaldson was born in Hamblen county, Tennessee, near Morristown, where he spent the greater part of his life. He was a descendant of pioneers in Tennessee, being distantly related to the wife of President Andrew Jackson.

He was interested in politics from early manhood. His management of President Hoover's campaign for the presidency against former Governor Alfred E. Smith, saw the republican majority in the second congressional

majority in the second congressional district reach the highest mark ever accorded a presidential candidate.

At one time, Mr. Donaldson was mayor of Morristown. Cottonseed Oil and Cottonseed Products

SILK.—Raw silk imports for the first five months this year were 21.9 per cent higher than the corresponding period of 1930, the Silk Association of America reports. Deliveries to mills were 4.6 per cent higher, while stocks at the end of May were 32,688 bales, compared with 35,477 bales May 31, 1930. Imports for the first five months were 45,244 bales, compared with 37,102 bales, while deliveries to mills amounted to 50,393 bales, compared with 48,161 bales for the first five months of 1930. SILVER.—Bar silver sagged 1-8c in New York to 26 3-8c an ounce. In London there was a decline of 1-16 of a penny to 12 5-16 pence.

STEEL.—The weekly trade reviews reported that production of steel ingot during the week continued the gradual decline of recent weeks. Iron Age placed current output at 42 per cent, against 44 per cent a week ago, and said the impressive feature of the current situation was the fact that the recession is gradual. Steel estimated operations at 40 per cent of capacity, "within a few points of what some steel executives forecast will be the low for the summer." ZINC.—Prime western zinc again has declined to a new low since the 90s. It has sold at 3.20 cents a pound, East St. Louis, compared with a previous low of 3.25 cents.

FRANK W. DONALDSO DIES IN NASHVILLE

Was Internal Revenue Collector and G. O. P. Leader in Tennessee.

NASHVILLE, Tenn., June 3 .- (P) Frank W. Donaldson, 53, internal revenue collector for Tennessee and prominent republican of the state, died at a hospital here today.

Mr. Donaldson suffered a stroke of apoplexy several weeks ago while in his room at a hotel. He was removed to Vanderbilt hospital and had remained in a serious condition until his death at 8:45 a.m.

He managed President Hoover's campaign in the second congressional district of Tennessee in 1928. In December, 1929, he was appoint-

ed internal revenue collector by President Hoover. With him when he died was his only daughter, Virginia. and a brother. His widow, Mrs. Nita Rice Donaldson, was at their home in Morristown. His mother lives in Knoxville, as do his two brothers, Robert L. and W. J., and a sister, Mrs. Frank Montgomery. Another sister, Mrs. F. F. Painter, lives at Morris-

Mr. Donaldson was born in Hamblen county, Tennessee, near Morris-town, where he spent the greater part of his life. He was a descendant of

pioneers in Tennessee, being distantly related to the wife of President An-drew Jackson.

He was interested in politics from early manhood. His management of President Hoover's campaign for the presidency against former Governor Alfred E. Smith, saw the republican majority in the second congressional district reach the highest mark ever
